

Buddy Program Recap

Presented by Jakub “Fuba” Flis

Welcome Meeting Highlights

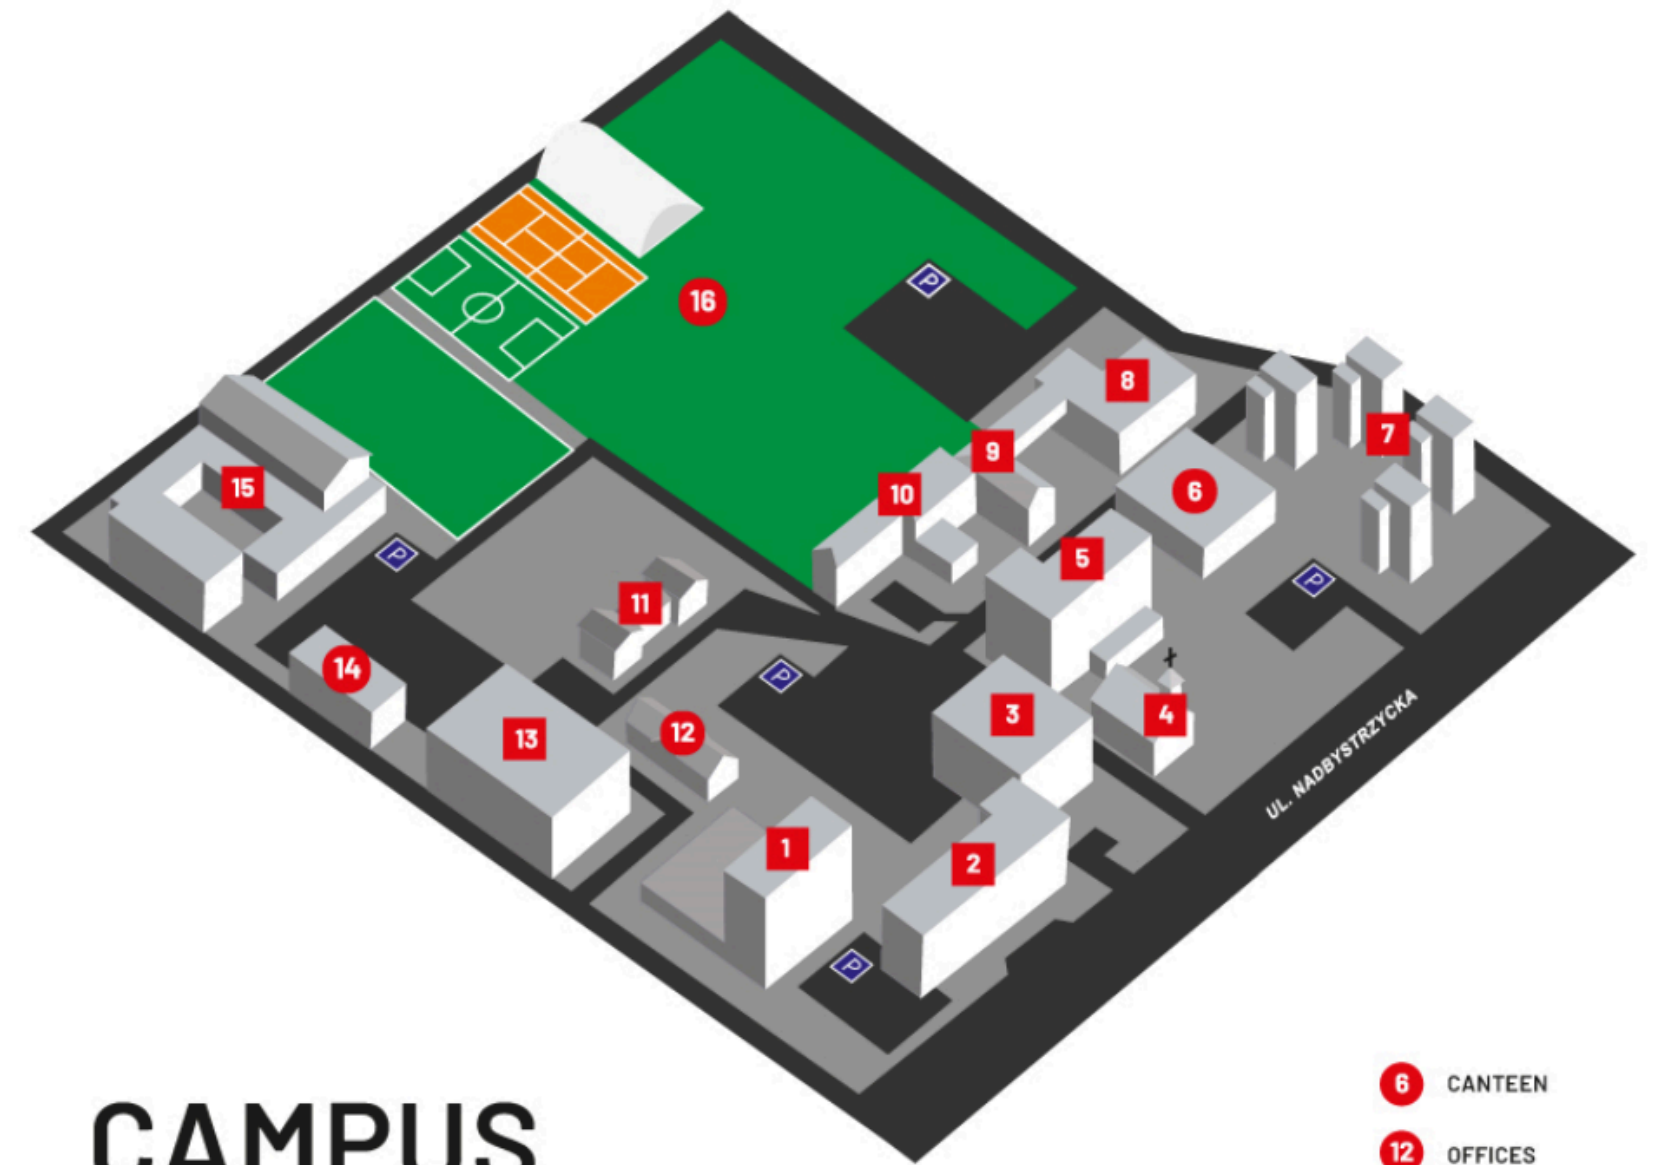

During the Welcome Meeting, we've gathered to connect with each other before this semester and give you some orientation around the campus. As well as learn about the program's activities, fostering strong relationships and creating a supportive community at the Lublin University of Technology.

Campus Tour Highlights

We showed you around the campus, focusing on each of your faculty buildings and important places throughout the campus. We finished, inviting you to play Flanki with other LUT students as at Kwadrat.

- 14 COE ASPECT
- 16 GREEN AREAS

Exploring Lublin's Historic Old Town

Together with Szymon, we took a trip through Lublin Old Town, where you could hear about its history and nuances. We've visited The Misery Stone, which some of you even dared to touch!

Intercultural Communication Workshops

Buddies and Erasmus students went through workshops that showed how workflow and connection in an intercultural environment could look like. We did our best to build those bridges ;)

Board Games Day

We had pleasure to join you guys at a table to enjoy some board games in Rusty Building at the beginning of December.

Recording: Winter Party Reels

We had a blast recording promotional reels with some of you, it went great!

Winter Party!

Our Winter Party brought together Erasmus students and buddies for a festive evening filled with laughter, music, and delicious food, celebrating cultural connections and friendships formed throughout the program.

Winter Party!

Level of satisfaction: Buddy
Programme 2025/2026

Thank You!
