

Title of BIP: " Method of learning styles for primary, secondary and higher education (REAPSES)"

General information

Objectives and Description:

Method of learning styles, REAPSES (Corners of Learning Styles for Primary, Secondary and Higher Studies) consists of working the themes or some topics that we have in our subject taking into account the Learning Styles presented by our students (active, reflective, pragmatic and theoretical) we can also use different learning styles to create groups through corners in the classroom and thus establish challenging activities.

Objectives:

- Provide students with greater knowledge of their abilities and skills through the corners of learning styles.
- Provide teachers with a better understanding of their teaching style.
- Generate meaningful learning in students through the use of learning styles corners
- Promote cooperative, inclusive and creative classroom work
- Create a link between universities and educational institutions as a hotbed of ideas and new ways of teaching.
- evaluate the joint work of the entities, possibility of scientific material such as the elaboration of article, congresses, etc.

Methods and outcomes:

Contact partner universities of the European Union to work with the REAPSES method, and thus reach an agreement to carry out a joint work among universities that involves the transmission and sharing of knowledge from each specialty.

Students from universities in the European Union will make their mobility to know the work done in the subject given by the teacher at the University of Zaragoza and will present the joint material prepared in the online phase.

Results:
