STEP INTO THE FUTURE WITH LUT!

I like Lublin University of Technology because it provided me with many skills for life. The University has provided us with the best facilities, erudite faculty staff who are always willing to help, professional teachers, libraries, labs...etc. I can proudly say that the LUT shaped my future.

Samara, student from the Lebanon at the Faculty of Management

I like Lublin University of Technology because it has highly sophisticated and very successful system of education. The methods to teaching are very dynamic, practical and the University's staff are very professional in all areas.

Denis, student from Honduras at the Faculty of Electrical Engineering and Computer Science

LET THE STUDENTS SPEAK!
