Library of Lublin University of Technology collects actual Polish scientific literature. It also offers the wide range of the foreign technical literature. Information about the complete collection of books and journals is available through PRIMO search engine, which also enables the library users to order the particular items and provides access to the selected online titles.

Logging in to the library account

1. LUT Students

In order to log in to the library account LUT Staff and Students should write a full email address from pollub.edu.pl domain into the “login” window. Please, reset your password at your first login attempt.
